Article Guidelines

A single page article needs to be a minimum of 300 and maximum of 500 words.

A double page article needs to be a minimum of 500 and maximum of 1000 words.

Articles need to be provided as Microsoft Word or Apple Pages, no PDF's please.

Articles should be accompanied by at least one image and up to a maximum of four images, all of which must be relevant to the article.

Image captions should also be provided where necessary.

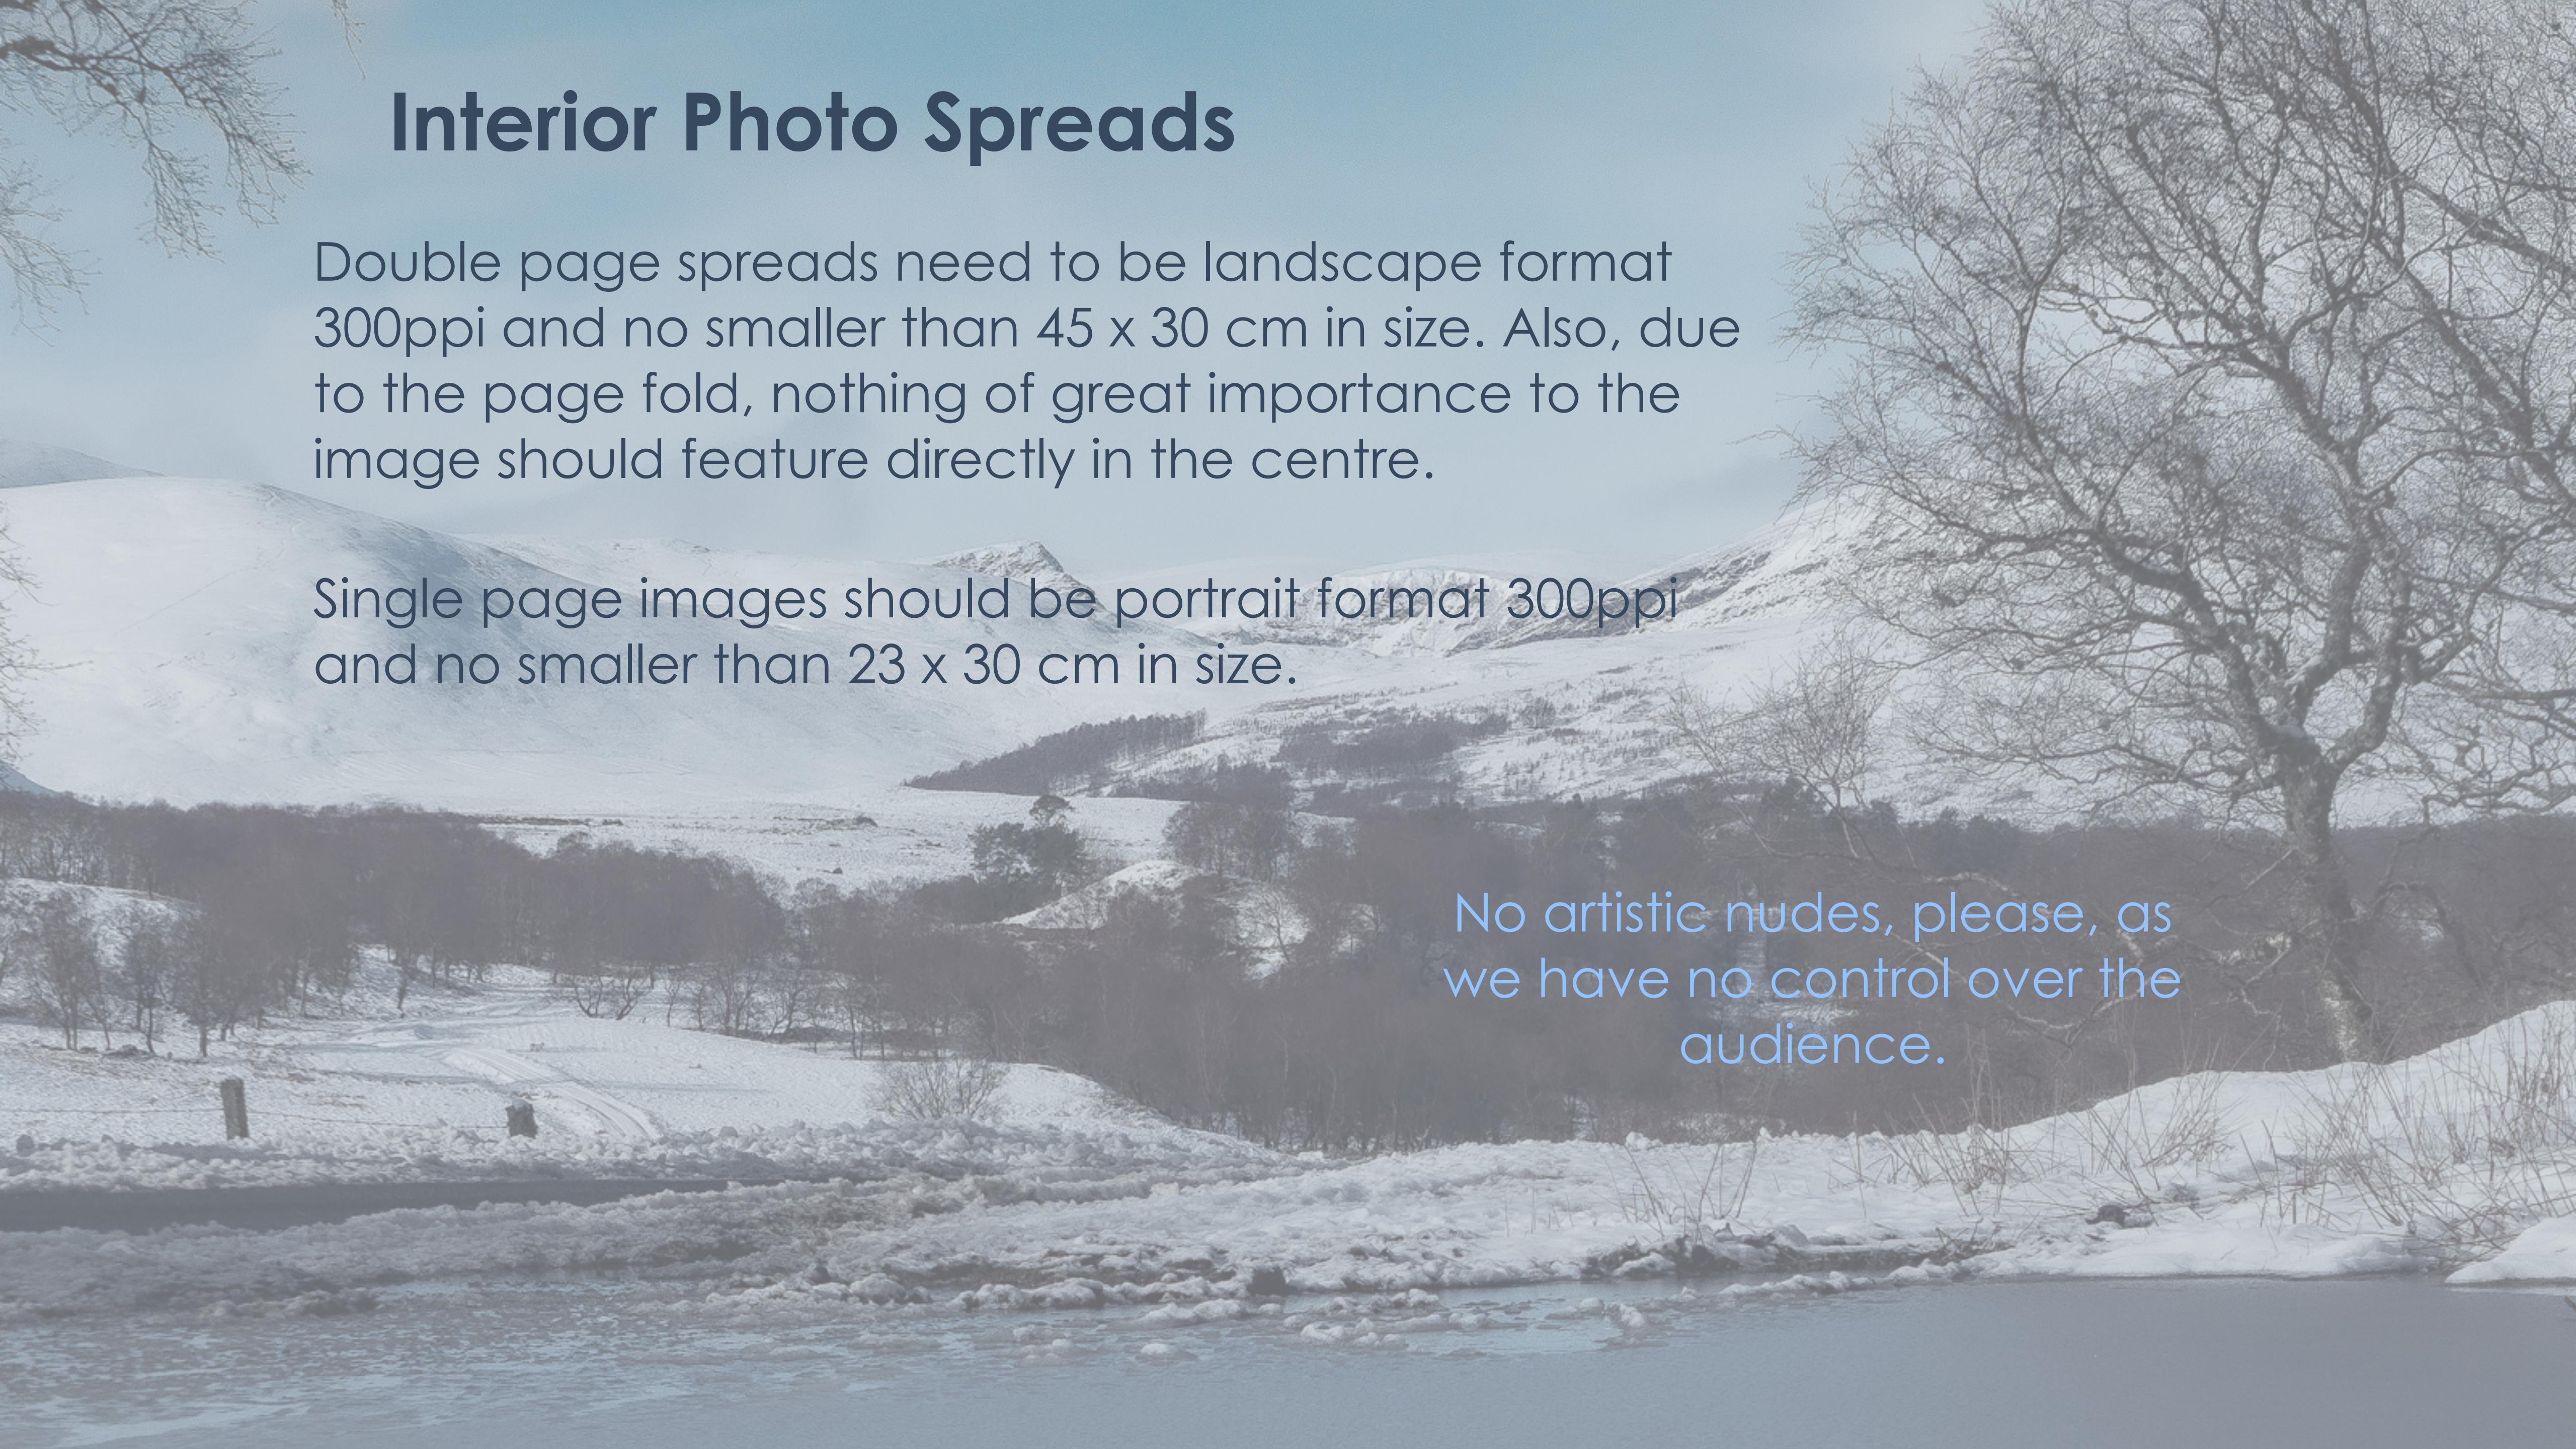

Interior Photo Spreads

Double page spreads need to be landscape format 300ppi and no smaller than 45 x 30 cm in size. Also, due to the page fold, nothing of great importance to the image should feature directly in the centre.

Single page images should be portrait format 300ppi and no smaller than 23 x 30 cm in size.

No artistic nudes, please, as we have no control over the audience.

Cover Images

Images submitted for the cover must be no smaller than 45 x 30 cm and must be landscape in format.

Resolution should be 300ppi

Submissions should be simple, clean, uncluttered photographs.

Each member may submit 2 images for consideration and the final image will be voted for by club members.

Images must have a striking focal point towards the right hand side of the image to give the cover a strong front cover feature.

A template will be provided via email to assist you in positioning and sizing your images correctly.
